## **MIND DEVELOPMENT**

& capability enhancement

Our child's mind decides the future structure of our country. As an academic system it is our responsibility to give a child an adequate environment which helps him to make his/her mind development process more wholesome.

There is a serious need of transformation from a well-formed mind approach to which will enable our future of country to be ready for the upcoming socio-economic changes in global scenario.

Our education system helps us to create a well-filled mind however what we need to be ahead of the curve is a well-formed mind. A well-formed mind helps us to comprehend better, analyses better and implement better.

The Shinx way of improving capability of our mind is through improving child's cognitive ability, happiness quotient, positive thinking and consciousness. We focus on some areas that are believed to enhance the mind capability like, Memory, Concentration, Analytical skills, Happy mind formation, Success breathing etc.

# FOCUS AREAS

## 1 MEMORY

In our current academic system we learn to read, write and comprehend. During the process we have been neglecting the 4th dimension of our studies which is memorizing. It gets extremely handy to learn some of the powerful memory tools for every student to be ahead of the curve and Shinx is known for its revolutionary memory training.
